**W**hen H.D. Pappas left Greece in 1897 to open restaurants in America, there was no such thing as a "middleman." To get the best quality for his restaurant's Guests, H.D. caught the fish, put it on his truck and transported it to his restaurants. That way, his Guests were assured that their meal was made from the highest quality, best-tasting fare around.

Like their grandfather, Chris and Harris Pappas believe that only the freshest ingredients make the best-tasting meals. Seafood, fresh off the boat, is taken directly to the Pappas Distribution Center where it's immediately transported to the restaurants. There is no "fresh-frozen fish." No "franchises." Nothing to get between our Guests and fresh, delicious seafood from around the world. It's just Chris and Harris Pappas and a staff of committed employees who all take pride in providing freshness and quality every day in every way.

This passion for freshness extends into our kitchens. Sauces, salad dressings, marinades, and even the mayonnaise is all made from scratch. Desserts, pies, bread—all of it is fresh-made.

Freshness goes hand in hand with quality service. That's why all of our waitstaff are the best in the business. They're carefully selected, well-trained, and encouraged to grow with the company. And our chefs are hand-picked from the best culinary programs across the country.

Everything at Pappadeaux has been thought out and planned so that you, our valued Guest, will have the best dining experience possible, every time you dine with us. From friendly and knowledgeable waitstaff, to fresh, delicious meals with generous portions—you, our Guest, mean the world to us.
